Teachers

William A. Woeffler (to Dec. 19)	Grammar Grades
Carrie M. Smith	Primary Grades
Lottie M. B. Underhill	School Nurse
John F. Simpson	Health Officer
Floyd Smith	Truant Officer
Mary Sendek	Substituting, Grammar Grades

Following the practice of last year, hot lunches are again being served. These are very popular with the pupils and are an undoubted benefit. So far, the cost to the District has been small because of the Federal Aid received. I should recommend continuing these lunches next year even if no aid was received, as the advantages would far outweigh the small extra cost.

The percent of attendance for 1940-1941, which is higher than the state average, indicates a good year as regards the children's health. The small number of cases of tardiness, also better than the state average, shows a gratifying cooperation by both pupils and parents. In connection with the school activities, I wish to commend especially the work in civics and nature study in the grammar room, and the work in reading in the primary room.

I would like to recommend again the bringing of running water to the building. While every precaution is taken to keep the water jars now in use perfectly clean, drinking fountains supplied with water from a pipe would be more sanitary. Water on tap would also furnish some protection against fire, a danger much more imminent than we have ever had before.

Respectfully submitted,

EDWARD A. JANES, Superintendent.
